Who We Are

As a leading ODM and OEM manufacturer specializing in sanitary solutions, Oceanwell has been delivering comprehensive offerings in the field for two decades. Our product range includes intelligent toilets and bidets, regular toilets and toilet seats, flushing cisterns, aged care bathroom products, and a variety of sanitary accessories. We cater to branding sanitary-ware companies, manufacturers, wholesalers, distributors, and retailers etc worldwide.

With a commitment to unique and innovative technologies, Oceanwell ensures stable quality and provides reliable services. Our products have reached consumers in numerous overseas countries, seamlessly integrating into their daily lives. Motivated by the needs of an aging population, Oceanwell is devoted to crafting solutions that prioritize care and support, empowering care receivers to maintain their independence and self-esteem.

WALL-HUNG CERAMIC TOILET SERIES

Say farewell to traditional floor standing ceramic toilets, wall-hung ceramic toilets overturn conventional perception, reflecting aesthetic feeling from the inside out. Humanized design gives you the warmth of home.

Tornado Flush

Powerful streams of water merge and swirl 360 degrees, washing every spot inside the rimless toilet bowl. Efficient and quiet flushing with less water and noise.
